

# 2015 Subject Index

Abducens palsy.....	179	Macular hemorrhage.....	271
Age-related macular degeneration.....	235	Macular hole.....	274
Alkali burn.....	182	Macular thickness.....	239
Angioid streaks.....	268	Medical treatment.....	182
Anterior segment optical coherence tomography.....	132	Meibomianitis.....	203
Behçet's.....	146	Mucormycosis.....	169
Biomicroscopy.....	132	NDP.....	164
Bleb.....	132	Near-infrared autofluorescence.....	235
Blue-light.....	235	Ocular diseases in pregnancy.....	213
Break-up time.....	142	Ocular hypertension.....	229
Cerebral venous sinus thrombosis.....	179	Ocular surface.....	182
Chemoreduction.....	259	Ophthalmomyiasis externa.....	220
Choroidal thickness.....	239	Optical coherence tomography.....	274
Clinical activity score.....	156	Optical low-coherence reflectometry.....	188
Comet lesions.....	268	Orbital decompression.....	156
Confocal microscopy.....	188	Orbital involvement.....	169
Conjunctival autograft.....	249	Orbital radiotherapy.....	156
Conjunctival flora.....	193	Osmolarity.....	142
Cornea.....	226	Parkinson's.....	142
Cornea endothelial cell density.....	188	Pattern electroretinogram.....	229
Corneal perforation.....	239	Peripapillary retinal nerve fiber layer thickness.....	239
Cyclopentolate.....	220	Photokeratitis.....	226
Dengue fever.....	223	Preeclampsia.....	271
Diabetes mellitus.....	193	Pregnancy.....	213
Diplopia.....	175	Primary open-angle glaucoma.....	229
Dose.....	197	Pseudoexfoliation glaucoma.....	188
Double-headed pterygium.....	249	Pseudoxanthoma elasticum.....	268
Downshoot.....	152	Pterygium.....	249
Dry eye.....	138	Recession.....	197
Duane retraction syndrome.....	152	Resection.....	197
Endoscopic sinus surgery.....	175	Response.....	197
Entropion.....	203	Retina.....	223
Exenteration.....	169	Retinal nerve fiber layer.....	229
External dacryocystorhinostomy.....	208	Retinal vascular caliber.....	239
Extraocular muscle injury.....	175	Retinoblastoma.....	259
Eye.....	213	Schirmer's.....	142
Eyelid surgery.....	203	Secondary.....	254
Familial exudative vitreoretinopathy.....	164	Senile cataract.....	188
Flavivirus.....	223	Sensory.....	254
Functional nasolacrimal drainage obstruction.....	208	Serous retinal detachment.....	271
Fundus autofluorescence.....	235	Sjögren's syndrome.....	138
FZD4.....	164	Smoking.....	156
Galilei.....	243	Strabismus.....	175,254
Ganglion cell complex.....	229	Subconjunctival chemotherapy.....	259
Globe retraction.....	152	Surgery.....	197
Gram-negative bacteria.....	193	Surgical treatment.....	182
Heart failure.....	179	Tear.....	142
HELLP syndrome.....	271	Thyroid-associated ophthalmopathy.....	156
Homocysteine.....	146	Treatment of the eye during pregnancy.....	213
In vivo confocal microscopy.....	132	Trichiasis.....	203
Infantile esotropia.....	197	TSPAN12.....	164
Infliximab.....	138	Tumor necrosis factor.....	138
Interobserver repeatability.....	243	Ultraviolet.....	226
Intra-arterial chemotherapy.....	259	Upshoot.....	152
Intraobserver.....	243	Uveitis.....	146
Intravitreal chemotherapy.....	259	Visual acuity.....	254
Keratitis.....	220	Vitrectomy.....	274
Lacrimal scintigraphy.....	208	Wavefront aberrations.....	243
Leptin.....	146		
LRP5.....	164
