

Key Words

5-fluorouracil	360	coefficient of variation	300
A		cold phaco	68
aberrant regeneration	352	combined central retinal artery and vein occlusion	281
ablatio falciformis retinae congenita	285	complication	166,477
acne rosacea	104,450	compound hyperopic astigmatism	292
age	160	congenital cataract	223
age related macular degeneration	493	congenital ptosis	145
Ahmed glaucoma valve	508	congenital retinal septum	285
amblyopia	145	conjunctival impression cytology	104
amniotic membrane transplantation	92	contrast sensitivity	326
anisometropia	145	cornea	306
anterior chamber angle width	311	cornea transplantation	208
anterior chamber depth	311	corneal endothelial cell density	203,457
anterior vitrectomy	22,223	corneal endothelium	300
antiallergic treatment	337	corneal opacity	197
antihistamine drugs	337	corneal perforation	92
aphakic	50	corneal topography patterns	
aproclonidine	377	corrected visual acuity	32
astigmatism	190	cyclosporine	337
autograft	190	cystoid macular oedema	64
B		D	
Behçet's Disease	156	diabetes mellitus	422
benign concentric annular macular dystrophy	395	diabetic macular edema	493
bicanalicular nasolacrimal intubation	373	diclofenac sodium	264
biometry	481	diplopia	276
blood samples of donors	208	discoïd lupus erythematosus	508
botulinum toxin	321	Doppler	257
botulinum toxin therapy	276	dry eye syndrome	364,450
branch retinal vein occlusion	422,493		
Brown's Syndrome	269	E	
burst phaco	68	electrophysiological findings	356
C		emmetropia	481
canalicular lacerations		epiphora	360
373,389,416,485		excimer laser	292
canalicular stenosis	360	extraocular muscles	440
capsular tension ring	17	eye	440
capsulorhexis	9	eye banking	203
cataract	13,17,82, 234,344	eyelid	508
cataract extraction	344	eyelid defects	138
cell density	300	eyelid papilloma	364
central corneal thickness	212,292,306		
central retinal vein occlusion	422,493	F	
chronic renal failure	150	facial paralysis	177
cicatricial ectropion	360	fibrovascular membrane	508
ciliochoroidal effusion	316		

flap	190	LASIK	292,377,463
floppy iris syndrome	485	latanoprost	64,264
foldable IOL implantation	28	late obstruction	508
foldable intraocular lens	223	lens extraction	239
fundus fluorescein angiography	156	lens subluxation	344
G		levator function	145
GDx	160	linear phaco	68
GDx parameters	212	logMAR	180
gestational age	406	low birth weight	406
glaucoma	257	low myopia	463
graft	197	M	
green-light illumination	9	macular edema	422
H		mast cell stabilizing drugs	337
Hallervorden-Spatz disease	356	mature cataract	219,477
hexagonality	300	mechanical ventilation	406
high myopia	39,239,470	Meibomian Gland	450
history of medicine	440	microburst phaco	68
history of ophthalmology	440	muscle transposition	503
hydrophilic acrylic	234	myopia	316
hydrophilic acrylic IOL	229	N	
hyperopia	292	Nd:YAG laser posterior hyaloidotomy	430
I		no iridotomy	50
IOL exchange	229	nonsteroid anti-inflammatory drugs	264,337
IOL Master	490	O	
idiopathic intracranial hypertension	177	ocular Behçet disease	156
increased intraocular pressure	416	ocular hypertension	212
injection systems	4	ocular neovascularisation	281
interlenticular opacification	75	ocular signs	150
intraocular pressure	389	ophthalmologic history	82
intraocular implantation	13	optical coherence tomography	395
intraocular lens	4,234	optical pachymetry	306
intraocular lens degeneration	75	orbital cellulites	332
intraocular lens implantation	130	Orbscan II	292
intraocular lens opacification	75	Orbscan II topography system	311
intraocular lens power calculation	384	P	
intraocular pressure	59,112,311, 457	pachymetry	292
intraocular tumors	171	palatal mucosal graft	138
intravitreal injection	411	paralytic strabismus	352
iris claw intraocular lens	50	pattern visual evoked potentials	399
J		PCA	98
juvenile glaucoma	316	pediatric cataract	22,118
L		penetrating keratoplasty	197
LASEK	463	penetrating keratoplasty	
		phacic iris claw intraocular lens	44

phacoemulsification	4,28,59,68, 112,219,234, 311,344,389, 477	sixth nerve palsy	276
phacoemulsification combined with silicone oil removal	166	sixth nerve paralysis	503
phacoemulsification complications	219	specular microscopy	300
phakic	50	spherical refraction	39
pituitary adenoma	326	SRI	98
posterior capsular opacification	234	SRK II formula	481
posterior capsule rupture	32	steroids	337
posterior capsule opacification	118,125,223	suconjunctival hemorrhage	377
posterior capsulorhexis	125,166,223	surgery	82
posterior chamber secondary implantation	50	surgical therapy	269
posterior optic capture	22	survey	245
posterior uveitis	422	sutureless scleral tunnel technique	44
premacular subhyaloid hemorrhage	430	T	
preseptal cellulites	332	tamsulosin	485
primary posterior capsulorhexis	22	tarsoconjunctival graft	138
pseudocataract	75,229	third nerve palsy	352
pseudoexfoliation	389	tocopherol	257
pseudoexfoliation syndrome	17,344	topical anesthesia	28
pseudophakia	64	trabeculectomy	112
pterygium	190	transconjunctival graft	138
pulse phaco	68	transposition surgery	321
R		transpupillary thermotherapy	171
recession-resection	503	trauma	13,316
refractive lens exchange	470	traumatic hyphema	457
refractive lens surgery	39	treatment	82
refractive surgery	245,384	triamcinolone acetonide	411,416,422, 493
reproducibility	399	Turkish Ophthalmological Society	245
retina	257	U	
retinal fold	285	ultrasonic biometry	490
retinal nerve fiber layer	160	ultrasound pachymetry	306
retinopathy	356	unilateral ocular involvement	435
retinopathy of prematurity	406	Urbach-Wiethe disease	364
rhinophyma	435	V	
rosacea	435	variability	399
S		Verisyse/Artisan IOL	44
SAI	98	viscoelastic	59
Scanner Laser Polarimeter	160	visual acuity	180
scleral pocket tunnel incision	50	visual acuity chart	180
secondary glaucoma	411	visual evoked potential	326
secondary implantation	130	visual field	326
serology	208	Vitamin E	257
silicone ekspander	269	vitreous loss	32
silicone tube implantation	373	W	
sinonasal infections	332	white cataract	9
sixth nerve chronic palsy	321
